Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

QUESTION

Which frequency do you call first when intercepted?

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

QUESTION

Transponder code when intercepted?

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

QUESTION

How many times is each phrase sent when there is no common language?

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

ANSWER

121.5 MHz, the emergency frequency. If there is no contact and it is practicable, repeat the call on 243 MHz.

SERA.11015(b)(3); GM1 SERA.11015, 5.1; Article 4a; SERA.11015(b)(3)

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

ANSWER

Follow the interceptor's instructions at once, and answer its visual signals.

SERA.11015(b)(1)

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

QUESTION

Series 1 signal, what does the interceptor mean?

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

QUESTION

Series 1 signal, how do you respond?

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

QUESTION

Series 2 signal, what does the interceptor mean?

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

QUESTION

Series 2 signal, how do you respond?

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

ANSWER

Rock your wings and flash your navigation lights at irregular intervals. Then follow the interceptor.

SERA.11015, Table S11-1, Series 1

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

ANSWER

You have been intercepted. Follow me.

SERA.11015, Table S11-1, Series 1

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

ANSWER

Rock your wings.

SERA.11015, Table S11-1, Series 2

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

ANSWER

You may proceed. The interceptor makes an abrupt climbing breakaway of 90° or more.

SERA.11015, Table S11-1, Series 2

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

QUESTION

Series 3 signal, what does the interceptor mean?

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

QUESTION

Series 3 signal, how do you respond?

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

QUESTION

Radio instructions conflict with the interceptor's visual signals. What do you do?

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

QUESTION

Radio instructions conflict with the interceptor's radio instructions. What do you do?

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

ANSWER

Respond the same way and follow the interceptor. Land if landing is considered safe after the overfly.

SERA.11015, Table S11-1, Series 3

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

ANSWER

Land at this aerodrome. The interceptor lowers its landing gear, if fitted, and overflies the runway in use.

SERA.11015, Table S11-1, Series 3

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

ANSWER

Ask for clarification and follow the interceptor's radio instructions.

SERA.11015(d)

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

ANSWER

Ask for immediate clarification and continue to follow the interceptor's visual signals.

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

QUESTION

Whose instructions take priority while clarification is sought?

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

QUESTION

Your signal to show that the aerodrome is inadequate?

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

QUESTION

Your signal to show that you cannot comply?

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

QUESTION

Your signal to show that you are in distress?

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

ANSWER

Raise the landing gear, if fitted, and flash the landing lights over the runway, at more than 1 000 ft and up to 2 000 ft above aerodrome level.

SERA.11015, Table S11-2, Series 4

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

ANSWER

The interceptor's, over other sources, including ATC.

SERA.11015(c), (d)

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

ANSWER

Flash all available lights irregularly.

SERA.11015, Table S11-2, Series 6

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

ANSWER

Switch all available lights on and off regularly, in a way distinct from flashing.

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

QUESTION

The intercepted phrase MAYDAY means?

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

QUESTION

Which flight plan rule helps avoid the need for interception?

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

QUESTION

Is interception normal practice?

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

QUESTION

What did the 2008 French microlight incident show?

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

ANSWER

A flight plan is required for flights in designated areas or along designated routes.

SERA.4001(b)(4)

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

ANSWER

I am in distress.

SERA.11015(e), Table S11-3

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

ANSWER

The occupants did not know the procedures. Their radio was not on 121.5 MHz.

SERA.11015(b)(3); GM1 SERA.11015, 5.1; Article 4a; BEA report 26-t080908 (published May 2011)

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

ANSWER

No. It is a last resort, mainly for identification.

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

QUESTION

Aircraft fitted with ADS-B or ADS-C, when intercepted?

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

QUESTION

Closest initial distance of the interceptor in Phase I, for visual identification?

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

QUESTION

Range within which the interceptor suppresses pressure-altitude reporting?

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

QUESTION

When intercepted, must you notify ATS?

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

ANSWER
300 m.

GM1 SERA.11015, 2.3

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

ANSWER
Select the emergency function, if available, unless ATS instructs otherwise.

SERA.11015(b)(5)

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

ANSWER
Notify the appropriate ATS unit, if possible.

SERA.11015(b)(2)

© rpvfalmeida · CC BY-NC-ND 4.0

Interception of civil aircraft
010 Air Law and ATC Procedures › 05 Rules of the air

ANSWER
37 km (20 NM), for interceptors with SSR transponders when the intercepted aircraft has ACAS.
